WELCOME TO OUR 97TH CHALE SUMMER SHOW

2024 saw us bounce back with a 2-day show after the challenges of 2023.

Last year we made several changes to the show layout, something which is always difficult as so much of it is tried and tested. We learnt things from this but also it gave us reassurance that a change is often necessary to keep the show fresh.

We have again worked hard to bring new classes into this schedule and, where possible, in certain areas changed all the classes. Afterall, no one wants to make or build the same thing every single year!

May I take this opportunity to thank all our Volunteers. It is truly incredible what they do for the show, not only during, but before and after too. Without them there could not be a show like we know today.

In addition to the donations we make via Chale Horticultural Society to charities and organisations across the Island, we also support numerous schools through the Schools Gardening Project, kindly supported by Honnor & Jeffrey. This year we have been very thankful to gain the support of numerous island businesses in sponsoring sections of our schedule. Their kind donations will enable us to provide extra support after this year's event to even more good causes: Lancasters, Wightlink, Honor and Jeffrey, ICR Systems, ICRTouch, HSS Hire, Buds and Blooms, Curtain Call Creative, Norris Family Grocers, IW Bee Keeping Association, D J Hunt, IW Poultry club, Embracing Unique and Premier Motors.

We have another exciting line-up planned for 2025 including one of our biggest ever acts - Monster Trucks! We hope you come along and support the show this August. We will certainly be looking forward to seeing you there for the weekend. May we wish you the best of luck with your show entries!

Best wishes, Andrew Woodford - Show Manager

HINTS FOR NEW EXHIBITORS

On arrival, report to the Main Horticultural Marquee to collect your entry cards. This is where you will be able to make a donation to Chale Horticultural Society for your entries. The suggested donation is 50p per class.

Entry Cards must be placed with your name face down with your entry. Seek help from a steward if in any doubt. Allow ample time for staging. Check that you have staged the correct number of items in each class and as attractively as possible.

Fruit is enhanced by its natural bloom. Apples should not be polished. Try not to handle fruit with your bare hands. Currants should be shown in bunches as grown. Gooseberries, Strawberries and other soft fruit should be shown with a stalk on.

Vegetables should be clean, washed with a soft sponge and plenty of water. Never use a brush and do not use oil or grease. Beet, Carrots, Parsnips and Turnips should have leaves shortened. Pay attention to the approximate or minimum/maximum size of foliage. Onions should be shown without tops and can be skinned from the root up, leaving a tidy finish. Shallots should be staged as separate bulbs. Brassicas should have not less than 3" (7.6cm.) of stem. Runner Beans should have flower stalks attached.

Tomatoes should be uniform, firm, fresh colour and with a green stalk intact. All circular or oval shaped vegetables and Peas should be exhibited on a plate. All long and bulky ones should be exhibited direct onto the bench, except for a collection of vegetables which go on a tray as specified in the schedule.

Flowers: Cut for a show between sunset and sunrise when the flowers and foliage are cool. Cut as long as possible. Make a slanting cut as this will assist the uptake of water into which they should be plunged as soon as possible. Pot plants should receive a generous watering. Handle everything with care. Remove any damaged flowers and any broken or disfigured leaves. Check that containers are filled with water. Ensure that your exhibit is of good balance with flowers of even size and quality. Reject any showing signs of damage or disease. Containers & water available.

Pelargonium/Geranium: We have included this guide into the schedule to help you understand the varieties for entries into classes 71-73.

Zonal (Like the Traditional Geranium) – Upright, bushy perennials that are grown for their single or double flowers.

Regal – Bushy, evergreen perennials and shrubs with rounded leaves, sometimes lobed or partially toothed.

Ivy Leafed – Trailing, evergreen perennials with stiff, fleshy leaves and single or double flowers.

Cookery: Cheese straw bundles are to be displayed in a pastry circle. Preserves should be dated and jars cleaned and polished. Jams to have a wax disc and cellophane lids. Please ensure you have checked tin sizes and diameters.

Floral Art: If using accessories do not allow to dominate.

Eggs: Should be displayed on either sawdust or sand on a plate. Plate will be provided.

Wine: Bottles should be clean and labelled and dated if necessary.

FINALLY, be a good sportsperson, accept the judges' decisions with good grace, but do not hesitate to seek advice as to why, if you are unsuccessful.

Any class entry questions? You can contact the **Show Office** on **01983 472300** or by email at **entries@thechaleshow.co.uk** before the Show. CHALE HORTICULTURAL SOCIETY - NOTES

The Banksian Medal is now awarded for the most points in horticultural classes - for us it will be awarded to the person with the most prize money in horticultural classes. Any competitor who has won the Medal in the last 2 years is not eligible to win this Medal.

HONNOR & JEFFREY Ltd Garden Centres at Freshwater and Dalverton/Lake have generously supported the **Schools Gardening Project** with prize money that school gardening clubs can use to purchase seeds, compost, plants and a variety of other horticultural products.

In 2024, the **Jack and Mary Whittle Schools Cup** was awarded to **Niton Primary School** for the best overall display.

Island schools may register their interest in the project to receive credit to spend on relevant gardening items, available from the garden centres. The objective is to enter produce grown by the students in a display within the show's main horticultural marquee.

Winning displays receive additional funding to expand green-fingered activities at school. Please register by emailing the Schools Coordinator, Jill Fothergill, at: schools@thechaleshow.co.uk

NEW FOR 2025. Great care and attention are given to try and update the schedule and bring new ideas. We're continuing Green Ribbons this year to accompany our Blue Ribbons for Best Entry. Green Ribbons are exclusive to 'best entry' in Novice sections.

We are pleased to support our charity partner Mountbatten Hospice in classes.

There are also some wonderful children's classes this year that are sure to spark creativity and imagination in our young entrants. There's definitely something for everyone!

SCHEDULE MAILINGS. Please ensure that any change of address, name, contact number or email address are communicated to us so we can update our records. Similarly, if you would like to be removed from our mailings, please email us at entries@thechaleshow.co.uk or telephone **01983 472300** during normal office hours.

You can collect a schedule from Honnor & Jeffrey Garden Centres, Horticultural Society committee members, or view a copy on the show website at www.thechaleshow.co.uk. The entry forms are easy to download and print. You can email your completed form by just copying all the relevant details and sending to our email address above. Email entries are acknowledged quickly so please re-send if you do not get a reply.

Good luck with all your entries!
